

SHUMKA

UKRAINIAN SHUMKA DANCERS

2020-21 Annual Report

June 1, 2020 to May 31, 2021

Established in Edmonton in 1959, the Ukrainian Shumka Dancers is Canada's only professional Ukrainian dance company. Shumka presents dance-theatre touring productions, as well as intimate concert repertoire across the country and around the world. Seen by millions on international television broadcasts, the company has presented command performances for Queens, Prime Ministers, and Presidents, and have performed alongside the likes of Andrea Bocelli and Julie Andrews. Along with Alberta Ballet and Edmonton Opera, Shumka is honoured to be a resident company of the Northern Alberta Jubilee Auditorium.

Sixty years of performance history has shaped Shumka's signature music and dance style. While maintaining deep respect for their heritage, Shumka continually challenges conventional boundaries to define the experience of Ukrainian dance in the context of today's society.

VISION

Inspiring artists and audiences through evolving traditional boundaries, Shumka represents the pinnacle of Canadian-Ukrainian dance.

MISSION

Shumka promotes, develops and preserves professional Canadian-Ukrainian dance as community leaders.

MANDATE

Shumka creates a broad scope of original and collaborative interpretive works built upon the foundations of the Canadian and Ukrainian life experiences of its artists and the rich heritage of the Ukrainian folk culture.

Shumka achieves this mandate by:

- Respecting the origins of traditional Ukrainian culture, while integrating the Canadian experience and contemporary expectations in order to make its programs relevant to today's audiences.
- Creating a centre of excellence in dance education to prepare the next generation of citizens, dancers and creators in the art form.
- Collaborating with other artists in Edmonton, in Canada and internationally.
- Creating a hub of arts and culture activity in the community.
- Presenting art and experiences for people of all ages, backgrounds and abilities.
- Engaging diverse communities through performance, education and opportunities for inclusive participation.

THE YEAR IN REVIEW Board President's Message

Like the mythological bird, the phoenix, the Ukrainian Shumka Dancers continue to rise out of the ashes of a global pandemic. Flexibility, thoughtfulness and innovation have been key at all levels of our organization in keeping the music playing and the dancers dancing through another year of challenges presented by COVID 19.

The USD Board supports the many facets of Shumka through: strategic planning, governance and oversight. This past year the board focus has centred around: short and long term planning, endowment, sustainability and the revision and update of the organization's bylaws. Although we are now beyond our 60th Anniversary, we did celebrate through a virtual event attended by members, alumni, friends and family from around the world. We look forward to hopefully celebrating this milestone on concert stages across Canada in this next year.

Our dancers have been resilient! The company has adapted to moving to online and offline rehearsals along with the Shumka School of Dance, Studia, Shumka's Silver Swans, Seniors Can Shumka and summer camps. Innovation and creativity have been fostered through projects such as: *Kobzari Kozachok*, a collaborative piece with the Ukrainian Shumka Dancers and the Ukrainian Bandurist Chorus of North America (UBC) and the Emerging Artists Project providing current company members the opportunity to step into the role of choreographer.

Shumka would not be what it is if not for its people. Much appreciation is extended to our board members, administrative team, artistic team, instructors, dancers, alumni and volunteers. We are grateful for the continued support from our stakeholders and donors as we navigate the challenges associated with the pandemic while keeping sight of a future of unlimited possibilities.

Dorianne Martyniuk, Board President

Executive Director's Message

Recently, we have been working on a film project that celebrates 130 years since the first Ukrainian immigrants came to Canada. These pioneers worked hard amid many unknowns in this new promised land. They wouldn't let the harsh seasonal elements limit them, or years of difficult physical labour break them. They continued to thrive together with the collective work of the community supporting the whole. It was a true sense of bravery and ambition. Of courage and hope.

This is exactly how I feel about the 2020-21 operational year. As we faced lock-downs, postponements, pivots, and cancellations, we also looked at the positives: new ways of doing things, the importance of supporting one another in difficult times, using digital mediums to spread our art form further than ever before. There were many cloudy days, but when the sun came out, we took full advantage of it. We depended on government and community foundation subsidies, started relationships with new supporters in the corporate world, and continued to build stronger bonds with our growing donor base. We also further established our Whirlwind Endowment Fund to lay a foundation for our future.

We learned more from our stakeholders than ever before and realized how important our programming is to them. We brought new faces into the fold through camps and classes and welcomed increased diversity amongst our program participants. Our company of dancers proved their prowess by dedication to ongoing virtual classes that led them back to the studio, some stronger than ever.

As we climbed up the steep hill that was our last operational year, we survived. We grew stronger, more adaptable, and increasingly creative. We trained, we choreographed, we filmed, we danced.

Pandemic years are by no means a positive. But we can take them on with a vengeance. Just like our dedicated ancestors who laid the path for our future over 100 years ago.

This year was one of bravery and ambition in the Shumka Family. From dancers and artistic leaders to instructors and students, from staff and management to supporters and donors. I am so thankful we had the collective courage, not only to survive, but to thrive through many unknowns. As the world continues to change around us, we too will change with it, with a continued mission of pride, development, and promotion of our heritage through dance.

We will take the stage again soon, and we won't look back. But we will always know we can survive – and thrive – like our ancestors before us.

Darka Tarnawsky, Executive Director

Senior Creative Director's Message

Resilience.

That is the the first word that I think of when reflecting on the last year. With the obvious challenges that the world has presented all of us, this organization continues to work, create and thrive. While not having our traditional avenues to share our art we have looked increasingly to a virtual and online presence to share and create. This has included films and discussions of new work and old as well as continuing to offer classes, training and development of creative work over Zoom.

This summer alone we have created and produced two films. The first being *Kobzari Kozachok*. This was a collaboration with the Ukrainian Bandurist Chorus and utilized their membership being spread across North America. In the film we had singers from San Diego, Edmonton, Manitoba, Toronto, Windsor, Niagara Falls, Cleveland, and New York City. As for *Shumka*, we represented our beautiful city of Edmonton and surrounding area. The film cuts together all of these locations with beautiful choreography by Paul Oljinyk and Laura Stachniak.

Our second film, titled *A Promised Land*, is a beautiful tribute to the 130 Years of Ukrainian Immigration to Canada. Shot on location at the Ukrainian Cultural Village, this film recognizes the struggle of our ancestors and celebrates their contributions made to the cultural identity of Canada. We are very excited to premiere this film as part of our *Shumka on Tour* celebrations in the spring of 2022.

While this work has been wonderful, we all know that the stage is where *Shumka* belongs. We are now working on our return to the stage this Christmas with *Shumka's Nutcracker*. Once again joining forces with the National Ballet of Ukraine and Virsky Ensemble, this will be as exciting for our company as it will be for the audience. With performances in Camrose and Edmonton we continue to be part of the Christmas season in Alberta. Following soon after in April, we begin our national tour of *Mosquito's Wedding* and *Echoes of Hopak*. *Shumka on Tour* will be the first national tour for many years, and we are excited to re-connect with our audiences across the country.

Over the last 60 years *Shumka* has grown to be a cultural mainstay in the Canadian dance scene. Despite the challenges that we have all encountered over the last 18 months the ongoing work of the administration and the dancers will ensure that *Shumka* will continue to thrive for many years to come.

Leslie Sereda, Senior Creative Director

FROM OUR STAKEHOLDERS

Seniors Can Shumka Dancer – Rod Schur

Originally, I joined for the exercise but found that within the walls of the studio was a family devoted to dance and Ukrainian culture while at the same time embracing and appreciating other cultures. Shumka has provided me with a vehicle to maybe restore some of the language and culture that has gently washed away over the decades. Dancing is good for the soul!!

Shumka School of Dance Mom – Allie Bortnick

For our family, Shumka School stood out by taking significant steps

to ensure that the dance students and their experience remained the priority and focused on maintaining a high level of instruction and flexibility during the pandemic. Shumka made an obvious commitment to their students and recognized that they weren't only continuing the lessons but helping to maintain the Shumka School community, and for this we are very grateful.

Intermediate Foundation RAD ballet class

Seniors Can Shumka Outreach Program

Studia Shumka Dancer (now Shumka Apprentice) – Ava Moser

Studia Shumka has been such a positive experience

over the last few years. Being given amazing opportunities such as dancing with Shumka, several performance opportunities throughout the years and being able to learn choreography from amazing instructors had allowed me to continue my love of dance outside of the School setting. The environment created is one of family, shared not only between the dancers, but all the wonderful instructors as well. With Studia being the first place I went after graduating from the Shumka School Syllabus Program, it will always have a huge place in my heart. The relationships I was able to create with everyone are ones I will never forget, and will continue to cherish. Thank you Studia for an amazing two years!

Shumka Donor and active participant in the Silver Swans Program – Deborra Crawford

I am thrilled to be a member

of Shumka's Silver Swans ballet family. Having recently retired, moved across the country and with no ballet experience, I wondered how I would fit in with the Silver Swans. I needn't have worried. From the day I first stepped into the Dance Centre I was warmly welcomed into the Shumka fold. I have met and formed friendships with the most amazing group of senior dancers. With her ready smile, abundant patience, and lots of hard work and laughter, Mrs. Tasha has transformed eager-to-learn (senior) cygnets into elegant Silver Swans.

Shumka Summer Dance Camp Mom – Karen deMontarnal

My daughter, Brett, has been a Shumka School dancer for

5 years, and took part in Shumka Summer Camp for the first time this year. She loved the dancing, the teachers, the camp t-shirts, the fun activities (like laser tag and wall climbing) each day and will also always remember the “silly awards” handed out from the Leaders at the end of the week. She made a new friend on day 1 and was proud to showcase her new choreography at the Friday performance for families. She is already talking about next year’s camp and wanting to be a “Leader-in-Training” when she is older! As a parent, I would recommend this camp without hesitation. The Shumka team provides a professional, safe, and fun experience. It warmed my heart to watch the final performance and know my daughter is proudly immersed in her Ukrainian heritage with the Shumka School of Dance. I can’t reiterate enough how much Brett loved this camp. I can’t believe we’ve waited until now to participate!

Mini Mosquitos at Summer Dance Camp.

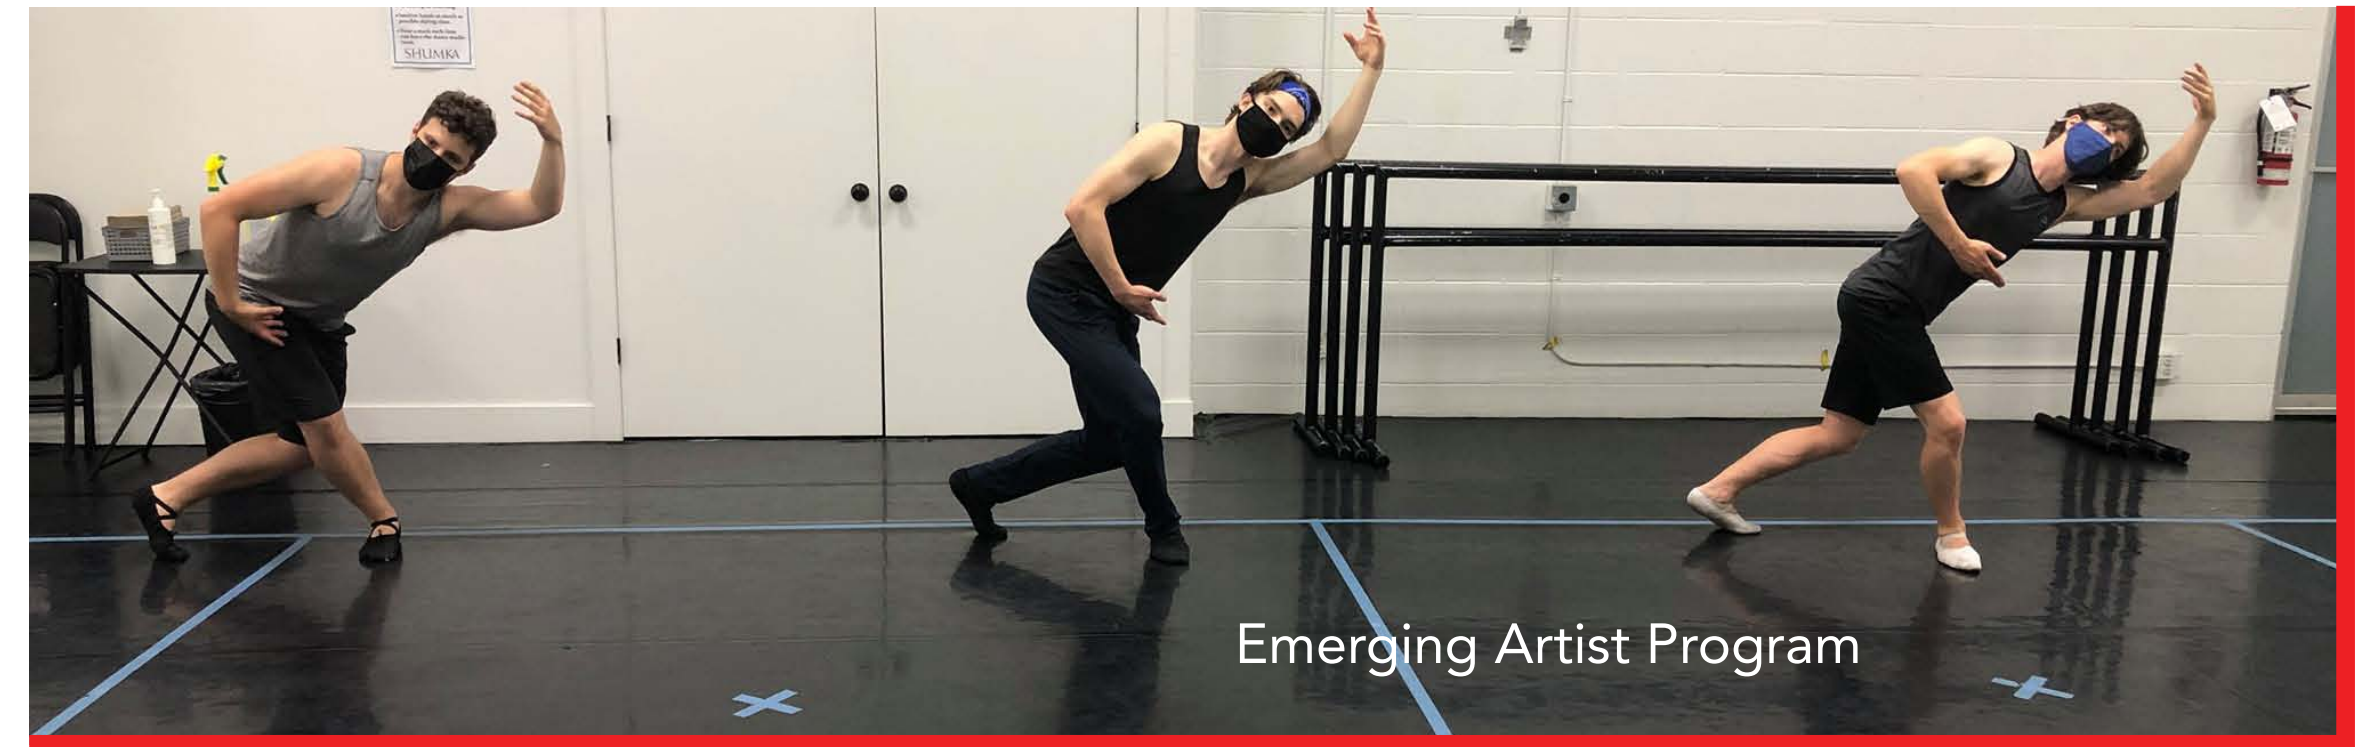

Shumka Board Member, Fund Development Committee Member, Alumnist and Donor – Nadine Samycia

I truly believe that it is up to all of us who danced or have witnessed the magic on stage, to keep Shumka going from 60 to 75 and beyond. Shumka holds a very special place in all of our hearts and although a monthly contribution may not seem like a big deal, if we all contribute what we can, it becomes a very big deal for Shumka. It can lead to a bright future for the company when funding sources are difficult to find. How amazing would it feel if we knew that we played a small part in keeping this Canadian treasure alive and well?

Shumka Dancer, Donor and Chair of Shumka’s Diversity Committee – Michael Eeles

Some of my fondest memories are from growing up in the Shumka School of Dance, attending Shumka Summer Dance Camps every year, and from touring with Shumka. Along the way, I have had incredible experiences and formed lifelong friendships. I started donating to Shumka every month as a way to show appreciation and gratitude for everything the company has done for me. I want to help ensure future generations are given the opportunity to have these wonderful experiences, while forming their own friendships and cherished memories.

Emerging Artist Program

Shumka Alumnist and current Asia Bureau Chief of CBS News – Warren Serink

I choose to donate to Shumka on an ongoing basis because after all the places I’ve been to and the experiences I’ve had...my time in Shumka stands out for being among the best times of my life. For this, I am grateful!

artists get to create exciting new works as part of the Emerging Artist Program—while still honouring and respecting traditional Ukrainian dance. I am so inspired by the resilience of my fellow dancers, and I particularly admire the dedication of the Artistic and Creative Directors.

Shumka Dancer, Emerging Artist Program Choreographer and former Guest Artist – Audrey Boccara

I first experienced the excitement and passion of Shumka while performing as a guest ballet dancer in their production of the *Nutcracker* in 2017. Instantly, I knew I wanted to experience more of that! Today, I am lucky to get to feel that amazing energy every week, rehearsing as a full-time member of the company. I feel so honoured to be a part of such a supportive company, where young

Shumka Dancer, Emerging Artist Program Choreographer and Diversity Committee Member – Elyse Dzenick

Shumka has been around for a long time and has seen a lot of changes throughout its history, both inside and outside of the organization. There are a lot of people, including me, who have found community here and want to see the company continue to succeed. Sitting on the Diversity Committee was a way I knew I could help create a more inclusive environment in the studio and bring an awareness that we all need to be cognizant of.

UKRAINIAN SHUMKA DANCERS ACTIVITIES: JUNE 1, 2020 TO MAY 31, 2021

Mandate: Shumka creates a broad scope of original and collaborative interpretive works built upon the foundations of the Canadian and Ukrainian life experiences of its artists and the rich heritage of the Ukrainian folk culture.

2021 REVENUE OVERVIEW

2021 EXPENSE OVERVIEW

SUSTAINING THE LEGACY

The Shumka Whirlwind Endowment Fund

Sustainability is key to Shumka's financial future. To mark the 60th Anniversary of the Ukrainian Shumka Dancers, an Endowment Fund through the Edmonton Community Foundation was established in 2019. An initial donation from the Ukrainian Shumka Dancers Alumni Association provided this legacy project a solid start. Further contributions will be partially matched annually by the Canadian Cultural Investment Fund, through the Department of Canadian Heritage.

An endowment is a pool of money that is invested, with investment returns provided to the charity to use for their operations. Donations are made into the fund and they are then held and invested in the endowment forever, with only the returns being pulled for the organization's operations.

Leave your legacy with Shumka. See your funds make a difference by donating today or join our donors who have bequeathed funds to the endowment in their wills. For more information or to donate, contact shumka@shumka.com.

FUNDERS & DONORS

You make such a difference with your support and Shumka is grateful. As donors, you keep our boots dancing and our dreams alive! Shumka is ever grateful and acknowledges the following individuals, families, companies, foundations, and funders for their generous help. This list recognizes monetary and in-kind donations received between June 1st, 2020 - May 31st, 2021.

There have also been a number of donations made since the start of our new fiscal year and the full donor list featuring all of our 60th Anniversary donors, is available [here](#).

We launched our GEM Campaign in February, and 19 new GEMs increased our total to 31 by the end of May 2021.
